

Number 4
High Performance Hair Care®

Hello Dah-ling,

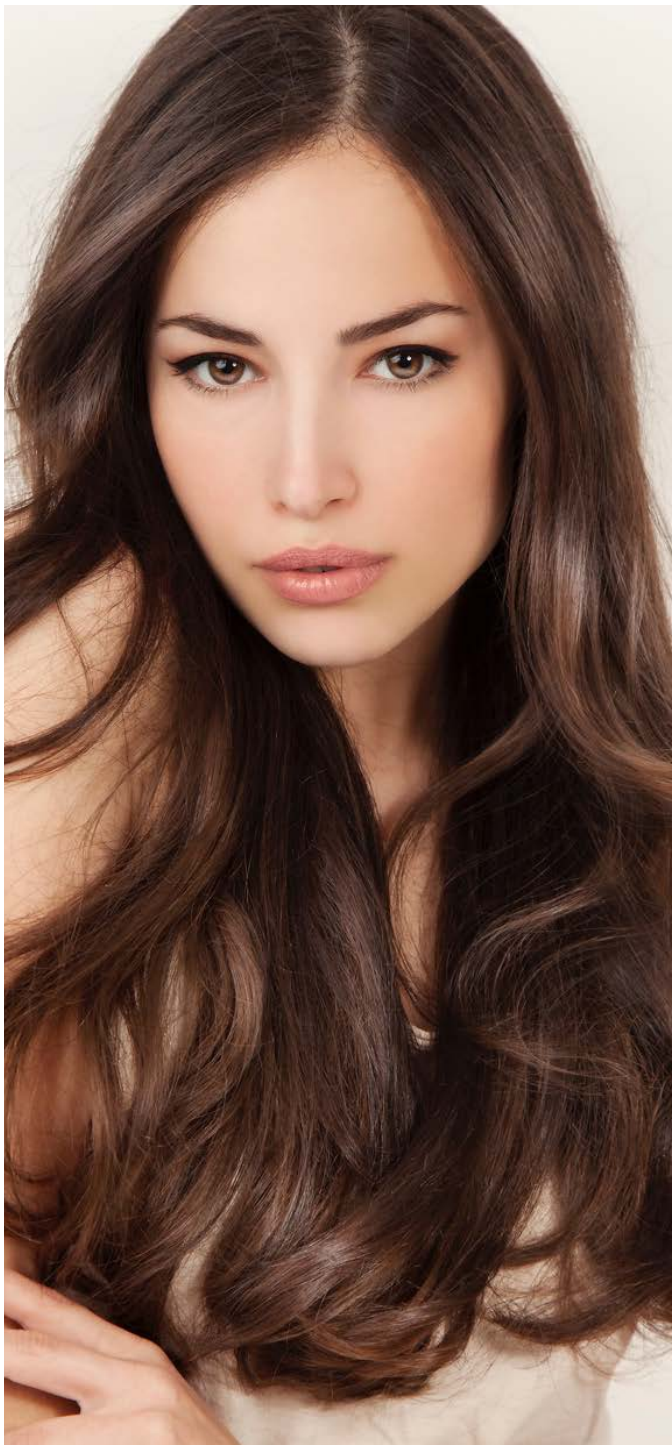

Pleasure to meet you. We've had deep, meaningful conversations with people just like you. People who possess a cultured and sophisticated palette for the finer things in life—food, wine, travel, fashion, beauty. Please...join our table.

We share a desire for lavish experiences with the highest quality products. When it comes to our hair, we demand high performance—lightweight, highly concentrated formulas that are fast acting with superior functionality. Fine fragranced shampoos, conditioners, treatments and stylers that are made from premium ingredients, but are also defined by what isn't in them.

The Ultimate Hair Care Experience

Once you've had true high performance, we know you'll never give it up.

Oh, and by the way...You can call me Number 4 High Performance Hair Care. Or, as my friends call me, Number 4...N4...or just plain gorgeous.
